

Dawn Leon

*Technical Product
Manager of Innovation*
Ft. Lauderdale, Florida

EMpact Award Winner Q3 2026

I am grateful to be recognized for doing work that I genuinely enjoy and for having the opportunity to collaborate with such talented and dedicated colleagues.

What Winning the EMpact Award Means to Dawn

“Winning the EMpact Award is both humbling and inspiring. I am grateful to be recognized for doing work that I genuinely enjoy and for having the opportunity to collaborate with such talented and dedicated colleagues.

I am passionate about creating solutions that improve the experience of our teams and help drive innovation across the organization. This award is not only a reflection of my efforts but also of the incredible support, partnership, and teamwork I have experienced throughout my career at Engle Martin.”

Christina Bourne Explains Her Inspiring Nomination

Christina Bourne, *Engle Martin's Director of Technology - Product and Program Management*, nominated Dawn for the EMpact Award. Christina tells us, “Over the past quarter, Dawn has gone above and beyond in her role to help Engle Martin and its sister company consolidate the accounts payable process. Through this effort, Dawn worked across departments and companies, fostering exceptional communication, collaboration, and a true team mentality. She partnered as closely with the sister company's accounting team as she did with our own, helping ensure both teams were able to effectively adapt to the changes in processes. Dawn also stepped away from her normal full-time responsibilities supporting Edge to lead project meetings and assist with configurations in Concur. She embraced change and continuous improvement with enthusiasm and without hesitation, quickly making time in her schedule to support our Finance and Accounting teams through the transition. This was an important initiative for both companies as we work to consolidate our technology stacks and create greater efficiencies. Dawn took on this responsibility in addition to her regular workload and approached it with the same enthusiasm, dedication, and commitment she brings to her everyday work.”

Selected Charity: Feeding Florida

Dawn selected Feeding Florida as the charity to support because food security is incredibly important to her. Feeding Florida is a statewide organization dedicated to fighting hunger and strengthening food banks and hunger-relief programs across Florida. Their work helps ensure that individuals and families have reliable access to nutritious food when they need it most.

Dawn is honored to support Feeding Florida's mission and their efforts to help ensure that no Floridian has to face food insecurity alone.

***Congratulations to Dawn on this well-deserved award!
Her dedication to her role and willingness to support others
has made a meaningful difference across the team!***
